Client Pre-Event Venue and Show Guide

PRE-SHOW GUIDE: HOW TO ENSURE A FLAWLESS MAGIC PERFORMANCE

Helpful tips for event planners, parents, and wedding couples to get the maximum impact from your magician.

1. **Arrival & Setup Time**:

Your magician will arrive approximately 30–45 minutes prior to the agreed start time to survey the room, unpack props, and prepare sound. Please ensure venue access is granted at this time.

2. **Timing Magic with Food & Speeches:**

• ***For Close-Up Magic****:*

Strolling magic works best during cocktails or between courses. We pause during formal speeches so all attention remains on the speakers.

• ***For Stage / Children's Shows*****:**

Please schedule the show before hot food or birthday cake is served. Eating while trying to participate in magic is distracting for guests!

3. ***Music & Sound*****:**

Background DJs and live bands should be paused or turned down in the performance zone during close-up or stage magic so guests can hear the punchlines and interact.

4. ***Lighting****:*

Magic requires good visibility! Intimate candlelit dinner rooms are lovely, but ensure the performance area has adequate light so guests can see sleight-of-hand details.

5. ***Outdoor Events*****:**

Wind is the enemy of playing cards, and sun melts delicate props. If your event is outdoors, please position the magician under a gazebo, marquee, or shaded veranda.
